HISPANOS UNIDOS – POLITICAL ACTION COMMITTEE

I Believe New Mexico Should Require Photo Identification to Vote

I believe that no honest voter should have any resistance to doing all that is possible to assure the integrity of an election. I believe that requiring Photo Identification of each voter who comes to the polls to vote is only being responsible to our election integrity. I fully support **Photo Identification** at the polls, because I want honest elections. Only New Mexicans should vote in New Mexico elections.
